Reference: Building Inspection Services

As of April 24, 2011, Quorum Services will no longer be providing building inspection services for the City of Minneola.

The service will now be provided by Independent Inspections, Ltd. They will be available during the following days and hours.

Office Hours: Monday and Wednesday from 8:00 a.m. until 9:00 a.m.

Inspections: Monday and Wednesday from 9:00 a.m. until 12:00 p.m.

Thursday from 8:00 a.m. until 12:00 a.m.

To prevent wait time, applicants are encouraged to apply for permits during the listed office hours. The Building Official is Ed Kleppel. He can be reached at (352) 394-3598, extension 226 or at (352) 321-8705. For inspections, please call (800) 422-5220.

We apologize for the inconvenience these changes may cause. It was necessary to change the service provider and service schedule due to a change in anticipated construction volume. We will continue to monitor construction activity closely. As activity increases, we will increase the building official's available hours.

Very truly yours,

Mark E. Johnson, Manager
City of Minneola, Florida
