

## Certified Backflow Prevention Assembly Testers

This list will change from time to time as new testers are added and/ or deleted. Also, you may use any Backflow Tester as long as the tester has a current State of Florida Tester Certification and their Test Equipment has a current calibration. The tester will need to provide copies of these items to the Backflow Program Manager, via fax @ 352-242-6164 or mail to PO Drawer 678 Minneola, Fl. 34755
