Acknowledgement of Awareness of Homeowners' Association Regulations

OWNER- Please provide a brief description of work: _____

For official use ONLY- Job Type: _____

(Please Check One)

I, _____, acknowledge that my Home Owner's Association ("H.O.A.") may have requirements or restrictions regarding my project that go beyond what is required by the City Code or Florida Building Code. A permit from the City of Minneola does not constitute an approval by my H.O.A. Permittees are strongly encouraged to obtain approval from their H.O.A. prior to scheduling or performing any work. If the work is started or completed without H.O.A. approval and is later found in violation of the subdivision's standards, the H.O.A. may require the homeowner to stop, modify, or completely remove the work that was performed at the owner's sole expense.

I, _____, am not a property owner in a homeowners' association.
